Hochschule Hannover - University of Applied Sciences and Arts  
Faculty I – Electrical Engineering and Information Technology and  
Faculty II – Mechanical and Bio Process Engineering

**Students from HsH - University of Applied Science Hannover are looking for internship positions in Engineering for a duration of 5-6 months / 22 weeks including an option to write a bachelor thesis.**

The undergraduate students from HsH have three years study experience in Germany and one semester in China, before starting their internship. Their main subjects are Electrical Engineering, Mechanical Engineering, Industrial Electrical Engineering, Industrial Mechanical Engineering or Mechatronics.

The “3plus1-programme” is funded by the German Academic Exchange Service DAAD and conducted in cooperation with the Chinese partner university Zhejiang University of Science and Technology (ZUST) in Hangzhou (Zhejiang).

Within the programme, the student completes the undergraduate degree programme at Hochschule Hannover except for the practical semester. Parallel to the studies in Hannover, the student worked as a tutor for Chinese exchange students and attended a Summer School at the Chinese partner university during the semester break. After successful participation, the student gains an additional qualification for China / Asia.

**We would be glad if you could offer our students an intern position.** Our university and our Chinese partner university ZUST will be happy to support you and our students in this matter. Please do not hesitate to contact us.
